REMARKS

25X1A SOURCE

1. On 11 August 1953, no work was under way at Schkeuditz airfield. Work which had formerly been started had apparently been discontinued. Source observed soldiers wearing red-bordered black epaulets with artillery insignia and motor transport insignia at the field.
2. On 15 September, the field was still unoccupied. Signs indicating that the airfield was off limits during air activity were observed at the eastern and western edges of the field.

25X1A

Comment. Schkeuditz airfield remains unoccupied. No observations were made which would indicate a re-occupation of the field. Some glider training is being conducted there by the Athletic and Technical Association.(GST).
